Carver-Price
Michael Lewis Wins Spelling Bee

Michael Lewis won the spelling bee championship for Carver - Price grade six, when he defeated the schools of the sixth district in the V.T.A. annual elementary spelling bee contest.

The spelling bee was held at the Watson Elementary and High School, Covington.

All the pupils from Carver - Price who participated in the contest made a good showing; with Michael Lewis as "Champ", bringing home the trophy. Dorothy Lockett, seventh grader and Shirley Burrell fifth grader each runner -up. They each received citations.

Mr. M. M. Robinson, Principal and Mrs. T. W. Hamlet, sponsor were very pleased at the performance of the contestants and expressed hope for greater success next year.

Business Education At Carver - Price

To the Department of Business Education of the Carver-Price School is extrusted the education of its youth who are the future citizens of the community an of our country. Therefore, it is the duty of the Department of Business Education to guide our youth in a study of our social - business economic system so that they will understand it and its operations; to develop within them an appreciation for our nation's economy and a clear concept of social and economic truths; to instil within our students a knowledge and pride of their democrate heritage so that they can weather every encounter with forces that would seek to destroy our American way of life; to train our pupils in the knowledges and skills needed in the world of business; to assist them in developing their God - given talents, recognizing their individual potentialities, dignity, and worth; to help our youth to become intelligent buyers and users of business goods and services; to obtain information for our pupils about the vocational opportunities in business and to guide them in intelligently selecting their voeations; to develop their ability to think and to use rational and sound judgment in making decisions; and solving problems; to aid our youth in the moulding of their personalities as characters through the establishment of high ethical standards, honesty, and proper morals and behavior; to teach our students to respect and recognize th rights of others and to respect their families, classmates, community, and country; to produce intelligent young men and women who will actively participate in the social, political, and business life of the community and of our country and who will take with them upon graduation a philosophy of life which is based upon Christian principles.

With such a philosophy to live up to, we here at the Carver-Price School are constantly striving to meet the challenges of our progressive times. At present the following business courses are offered: Bookkeeping 1, general business, Typing 1, and Typing II.

Experiences which are provided to help broaden the training of our students are part - time typing pools in which the busiest students type letters, manuscripts, and business forms and cut stencils for instructors and people of the community. Some actural work experience is also offered for some of our students who work at various periods in the office.

Civil Service preparation is given in part in the Typing 1 class and is emphasized in the last six weeks of the school year in the Typing II class.

To help our department function even more effectively, there is need at the present time for a survey of the businesses located in our community and in the
